

# Sagar Kerhalkar

## IT Infrastructure & DevOps Leader

IT infrastructure and DevOps leader with 12+ years of experience across education technology, technical service delivery, cloud operations, automation, Windows and Linux administration, networking, observability and reliability improvement. I combine hands-on engineering with operational leadership to make systems easier to run, safer to change and clearer to measure.

Bhopal, India | [sagarhatta@gmail.com](mailto:sagarhatta@gmail.com) | +91 81059 77226 | [sagarkerhalkar.com](http://sagarkerhalkar.com)

### LEADERSHIP PROFILE

I lead resilient Windows, Linux, cloud and network platforms—combining automation, observability, CI/CD and operational ownership to reduce risk and improve service delivery.
